

Good News Trinity!

ONE

Unity in Christ

"There is one body and one Spirit – just as you were called to the one hope that belongs to your call – one Lord, one faith, one baptism, one God and Father of all, who is over all and through all and in all." Ephesians 4:4-6

We had a wonderful first week!

September 7th, 2018

Roberts 4:00 – 6:00 – Church
Fellowship Hall**

September 28th – Early Release 12:30

**October 13th – FALL AUCTION (save the
date) – Lights, Camera, Auction!**

Welcome!

Our Trinity Family is growing!

This year we welcome 56 new families to Trinity in grades PreK through 9! That means lots of new faces and lots of new friends. If you see someone you don't recognize, please take a minute to get acquainted.

Seen Around Trinity

A big *Thank You* to James and Dana Blair and their crew for making our halls and classrooms **SHINE** for the first day of school!

Many volunteers are working hard on the remodeling project to get the old kindergarten ready for the Pre-Kindergarten class. They will move into their new space in October.

Thanks to all who attended the Ice Cream LEST Fund-Raiser at Coldstone this week. We raised \$80 to help with the cost of the trip.

See you at **FIVE GUYS**
BURGERS and FRIES on
Thursday!

What is LEST?

Every February, Lutheran students from across the Northwest U.S. and Canada gather at Concordia University in Portland, Oregon to participate in the Lutheran Elementary Schools Tournament. Trinity's 7th and 8th graders will be practicing and preparing to compete in basketball, drama, instrumental and vocal performances, chess, math, science, robotics, and more. Thank you for supporting this amazing trip!

PRAYER REQUEST

Please pray for Pastor and Mrs. Cutler for clarity in deciding where to serve the Lord. Pastor Cutler has received a divine call from Bethlehem Lutheran Church in Frazee, MN. They traveled to visit the church and community over Labor Day weekend. There are many aspects to consider on whether to continue serving God here at Trinity or to move to Frazee, so they are asking for prayer for clarity, wisdom, and discernment. They also welcome any thoughts you would like to share with either of them concerning the ministry here at Trinity Church and School. Thanks and God's Peace and Joy to you!

CANDID CLIPS!

Kindergarten

PreKindergarten

We are counting to 12 or higher already with one: one correspondence.

Kinders learn procedures, routines and how to follow directions quickly - the first time ☺ Families, you can practice following directions quickly at home; make a game of it.

Kinders also enacted a Bible story all about creation. Later they enjoyed art masterpiece as they totally engaged their hands and minds in art!

FIRST GRADE

Exploring interesting places in class!

What should I do in each spot? Active engagement is evident throughout the tour as Ms. Renken uses gestures and choral responses to capture attention.

Students in first grade are already diving into Spalding Phonograms, reading at their level, taking individualized reading assessments, and writing! Wow!

First Graders find just the right spot to read!

Second Grade

Mrs. Rehbein has a captive audience as they practice procedures and reading routines in class.

A safe, comfy spot to read. Just right. A curious reader. Finding just the right page.

Third Grade

Mrs. Cutler posts her learning target / objective in child friendly language. She always provides the best of direct, explicit and engaging instruction. Setting goals is personal, motivating, and provides critical thinking.

If the goal is emotionally charged, then even better – emotions instantly take critical thinking to even greater levels 😊 Lovin' It!

Fourth Grade

Students were 100% actively engaged in a smartboard lesson on money! All hands!

Science teams collaborate to build observation skills.

Fifth Grade

Mrs. Bueltmann teaches excited 5th graders in language arts. She gives them a pre-assessment in Shurely Grammar/English & Spelling to place them just right in class.

Junior High Academy

Mr. Watgasuma is on fire as he lectures in humanities - asking high level "what if" questions. He also uses student-friendly learning objectives to ensure a direct and explicit approach.

Mr. Holladay gets everyone deliberating regarding a strict science observation and a moral dilemma - Outstanding!!!!

Ask about it tonight!

Mrs. Braaten and Mrs. Elizagaray work with 8-9th grade students in the Youth Center! Students love this seminar approach and individualized attention.
